

PLANTARIS

Mobile ankle orthosis

Ref. SRT 345

INSTRUCTIONS FOR USE

Dear Customer!

Thank you for the confidence you have shown in purchasing Triamed products! We would like to inform you that Triamed products are made of the best performing materials, all having quality certificates and biocompatibility tests. These orthoses comply with the Technical Specification and the requirements of Regulation (EU) MDR 2017/745 of the European Parliament on medical devices and comply with the requirements set out in Annex I - General Requirements for safety and performance- and Annex VIII - Classification rules. Conformity is declared on the basis of Article 52 (7), Annex II and Annex III of MDR 2017/745.

Important information

The orthosis is used according to the recommendations of the specialized physician.

Choosing the size - For optimal results, the appropriate size will be selected based on the measurements table of the product. A size too small may lead to intolerance to wearing or the damage of the product! A size too large significantly diminishes the efficacy of the orthosis.

This orthosis should only be applied in accordance with the instructions mentioned here. The product is intended for single patient use.

No liability is accepted for incorrect product use. Guarantee is bound to statutory regulations.

Available sizes

Sizes	1	2	3
Ankle circumference (cm)	20-23	24-27	28-31
Reference	SRT345M1	SRT345M2	SRT345M3

The circumference of the ankle is measured around the malleolus

The orthosis can be used on both the left and the right ankle.

Indications

It is used in case of plantar fasciitis and paresis of the external popliteal sciatic nerve.

Description

- one ankle / calf component that provides support for traction
- one plantar component
- one textile component used in footwear
- elastic connecting item, provided with 2 fastening straps, which helps dorsiflexion of the foot.

Hook and loop fastener.

The plantar component and the textile component used in shoes are interchangeable and are used one at a time, depending on needs.

Purpose

The orthosis is a device for the ankle, which helps dorsiflexion of the foot.

Composition

Laminated textile. The laminated textile ensemble behaves like a moisture regulator, ensuring a quick transfer of the moisture to outward.

Neoprene covered on both sides with textile material.

Positioning

The ankle / calf component is placed on the ankle, then the plantar component or textile component is attached, depending on the way of usage. The connecting element ensures the dorsiflexion of the leg.

If it is necessary to adjust the position of the orthosis, the adjustment is made by fully opening the hook and loop fastener and repositioning the orthosis higher or lower on the body segment, depending on the need. **To avoid the damage of the material, do not pull the orthosis while is fixed.**

Cleaning

To be washed by hand with warm water, no bleaching, no spinning, no ironing, no chemical cleaning!

Storage

At room temperature, in a dry space with good ventilation.

Commercial warranty of the product: 30 days.

Date of production: see packaging label.

Validity date: no expiry date.

To validate the warranty, the seller must indicate the date of purchase. The buyer is obliged to keep and present the warranty coupon.

In order to solve the problems that appeared in the warranty, the following data must be notified: Article reference, batch and date of manufacture, indicated on the packaging box of the product.

Deadline for communication of the solution: 15 days.

Please send notifications and complaints to the following email address: suportclienti@triamed.ro
